Work Experience

Web Development & Design
Freelance - Remote

Mar 2025 - now

- project-ensemble.com

Co-Founder

Aug 2023 - Aug 2024

Edme [discontinued] - Berlin, Germany

- Made key business decisions, ultimately discontinuing the project after evaluating feasibility and market fit.
- Designed, built, and iterated on a full-stack web application using React, NextJS, and SQL, learning software development from scratch.
- Led product strategy—conducted market research, prototyped features, and validated user needs.
- Key lessons: 1) who to work with 2) what to work on 3) execution > over-planning 4) setting focus 5) perfectionism = procrastination 6) consulting accelerates growth

Academy Member Batch #4

Mar 2024 - Jun 2024

Founders Foundation - Bielefeld, Germany

- Completed an intensive accelerator program, receiving mentorship from top investors and entrepreneurs.

Service, Bartending, Security Roles
Various Employers - Berlin, Germany

Mar 2022 - Jul 2024

Internship

Mar 2019 - May 2019

TBO INTERACTIVE | Design & Tech Studio - Berlin, Germany

- Managed social media strategy, conducted UX research, and gained hands-on experience with design systems and agile workflows.
